⁽¹⁾ These amounts include the **3 €** contribution per film, or 1,50 € for “Food and Beverage” and “Gambling” commercials that must legally be submitted in batches of 4 or 3. This contribution is collected for funding PubID, the cross-industry web platform for unique IDs, commissioned by ARPP and the Advertisers (Union des Annonceurs), Agencies (Association des Agences Conseils en Communication) and TV Sales Houses (Syndicat National de la Publicité Télévisée) organizations.

⁽²⁾ According to the order (**Arrêté du 27 février 2007**), food and beverage commercials must legally be submitted in batches of 4, each one containing a specific health-related message. Due to the cost of such submissions, the ARPP Board of Directors has decided to apply a **50% discount to each film, after acceptance by Customer Support**. This discount cannot be accumulated with that granted for films qualifying for the sector “providers of content, messaging or chat services, telephone customization services” (cf. ⁽⁴⁾).

⁽³⁾ According to the decree (**Décret n 2010-624 du 8 juin 2010**), gambling commercials must legally be submitted in batches of 3, each one containing a specific warning message. Due to the cost of such submissions, the ARPP Board of Directors has decided to apply a **50% discount to each film, after acceptance by Customer Support**. This reduction cannot be accumulated with that granted for films for the sector “providers of content, messaging or chat services, telephone customization services” (cf. ⁽⁴⁾).

⁽⁴⁾ TV commercials commissioned by advertisers in the sector “providers of content, messaging or chat services, telephone customization services” (product varieties **49 02 08 01** and **49 02 04 01** of the SNPTV TV product classification) and displaying a telephone number for a minimum duration **equivalent to at least 30% of the film’s overall duration** with the sole objective of prompting a telephone call or immediate sms for informational purposes only **are eligible for 50% discount per film**.

Call to Action films containing interactive functionality and which are intended for VOD only **also qualify for 50% discount**.

This reduction is justified by the necessity to submit numerous variants of a given film with only minor differences between them (e.g. a different telephone number). However, it cannot be accumulated with the discount applied to films requiring “Food and Beverage” or “Gambling” warnings (cf. ⁽²⁾ et ⁽³⁾).
