

**RATES 2024**

Exceptionally, any media copy-advice may be provided to non-member CUSTOMERS, in return for a fee for the service as defined in Article 7 of the "Pricing Conditions".

Exceptional advice to non-member CUSTOMERS is limited, **over a year from the first request**, to 1 "file" reference (1 campaign) within which a maximum of 10 projects can be registered.

**Depending on the type of copy-advice requested, two rates may apply:**

- **Standard exceptional copy-advice** \*: the cost is **560 euros excluding VAT** (within the limit of a campaign including 10 projects).
- **Exceptional copy-advice relating to sustainable development** \*\*: the cost is **495 euros excluding VAT** (within the limit of a campaign including 5 projects).

*As a reminder, a project is characterised by the existence of a version, a format, a duration...*

*For example: 1 script of 30 seconds and 1 script of 20 seconds are counted as 2 projects.*

Definition :

\* *The standard advice request process provides you with legal feedback on your requests for all media except campaigns containing environmental claims.*

\*\* *Sustainable development advice concerns national campaigns that include an environmental claim. For more details, please consult our section on this subject <https://www.arpp.org/nous-consulter/conseildd/>*

The request is made on the website [www.arpp.pro](http://www.arpp.pro) on which we will create access for you as soon as you confirm your **written agreement** to this rate.

To do this, we will need the SIRET number, or the equivalent of the national identification of an establishment or your company.

You will then receive your **login and password** to connect and make your request, attaching any information and any document/file that you consider useful for our legal advisors to analyse.

Non-member clients seeking advice on an exceptional basis undertake to disclose the identity of the advertiser for whom the advertising projects are submitted to ARPP for copy-advice.
